2. Risk Adjustment

At its June 20 meeting, the task force directed staff to prepare a letter in response to proposed federal regulations seeking comment on " whether a state that elects to operate a SHOP but not an individual market Exchange [as Utah has done]... should be eligible to establish a risk adjustment program [under the federal Affordable Care Act]." The task force also expressed its support for an exploratory study of whether Utah should establish its own risk adjustment program, funding to implement a Utah-based program, and funding to prepare the all-payers health insurance claims database for use by any program implemented. The task force will be briefed on risk adjustment developments since the last meeting.
