Dear Representative Doughty,

As a citizen of Utah, I urge you to VOTE NO on the current map being discussed in the House.

I have studied the maps and would suggest to you that the best map, based on contiguousness and compactness, is the Garber Citizen Map (modified, sponsored by Representative Brian King).

Please vote for this compromise map. I know you have worked very diligently for the people of Utah, and I thank you for it.

Brian and Ben,

Thank you for representing me. I know this is preaching to the choir but I wanted you to know we care.

The Garber Citizen Map modified is better than most. It is still sad our communities are divided so we can't get total representation for our interests.

Brian, I'm sorry district 30 will no longer remain intact and wish you the best as you fight the fight this next year.

Hi Archie,

I agree. The fewer splits in SL County and Salt Lake City the better.

We know that SL County has to be split at least once in order to get the population to be equal in the 4 districts.

There are a couple of maps that split Salt Lake City/County that I would support. However, I fear neither of those maps will be supported by the majority party.

I just voted for King substitution 15 and it splits SL County, Utah County, and Davis County. But it failed.

We are doing our best to not let the majority steam roll us with a terrible map and offer compromise maps we feel we can live with.

I hope you are doing well.

Thank you for the feedback!

Brian

Governor Signs Final Special Session Bills

SALT LAKE CITY—Governor Gary R. Herbert signed the remaining pieces of legislation from the recent special legislative session. The bills signed were:

S.B. 3001s03 Utah State Senate Boundaries and Election Designation (Sen. Okerlund)

S.B. 3002s19 Congressional Boundaries Designation (Sen. Okerlund)

S.B. 3005 Lieutenant Governor District Determinations (Sen. Okerlund)

Governor Herbert issued the following statement regarding Utah's redistricting effort:

“Redistricting is an emotional and complex issue. For more than six months, the State Legislature engaged members of the public in an unprecedented way. I find that the Legislature followed the law, and the outcome, although not entirely satisfactory to everyone, is reasonable. Let us remember, in the final analysis, our representatives are not chosen by lines drawn on a map; they are elected by the people of Utah.”

Governor Herbert,

Again the legislative bodies rushed a vote and tried to pull the blanket over our eyes. I am extremely disappointed in this process. If you have any understanding about how upset the citizens of Utah are over how our representatives have handled the mapping process you would veto. As you know, some issues take time to figure out. Don't undermine the public. Closed doors and rushed votes should not be how our government should work.

VETO THIS MAP!

Gentlemen,

I know it's not your fault that the congressional map is so horrifically gerrymandered, but I wanted to express my frustration about it since you represent me.

We need fair representation by people who actually care for the concerns of their constituency. Our area needs a district that's a fair fight for either party, not 60% Republican. This is worse than Tom DeLay in Texas.

Thanks for doing all you can.

Subject: Democrats, Consider McAdams/Cox, King S07 and King S12
Attachments: Mime.822

Democratic Legislators,

1. The McAdams / Cox "Modification of Hat and 3 Stripes" is apparently the only bipartisan map published since the late September adjournment. It is not as good as Rep. King's maps but as Sen. McAdams said at the SLC library last Tuesday, it may be the only one the supermajority will consider as a compromise.
2. By nearly any definition, the Republican-only West Valley to Payson doughnut-hole plans would create a gerrymander district around the hole, connecting south Davis County and San Juan County in an illogical way. I've stopped being angry, but please try to convince the Republicans to take a higher, less partisan road.

To get from Woods Cross to Blanding by logical highways, SB3002 and Rep. Sumsion's proposed Substitutions 15 and 16 would require the congressman or woman to cross district boundary lines 6 times. Under the Froerer-Adams-Modified Sumsion 15 map he or she would have to cross boundary lines 4 times, but district one would become gerrymandered. THOSE PLANS ARE ALL EXTREMELY UNFAIR. If it were me, I would vote no on all of them this week.

3. Rep. Sumsion explained at the library that the Utah House boundaries, mostly developed by him, were done in a bi-partisan way. He reported that 3 of the 4 eliminated/consolidated Utah house seats were in slower-growing Republican districts and only 1 in slower-growing Democratic districts. If true, congratulations to him and the Utah House and thanks to the Redistricting committee and all its work on all the maps.
4. Of all congress maps submitted in October by a legislator, only Rep. King's proposed Substitution 7 (the Garber Plan) meets the criteria that ought to be the only criteria for congressional boundaries other than equal population. Those criteria keep districts logical, compact, and keep most communities together. They also keep neighboring communities and counties together.

Rep. King's S12 looks like a fairly decent compromise between Garber's good points and replacing S3002's and Sumsion's West Valley-Provo doughnut hole with something more defensible. Would he be able to find some Republican in Central or southern Utah to sponsor it with him as bipartisan?

5. The only map I like better than Rep. King's is Brandon Plewe's NSEW modification of King's S07. It would split Salt Lake County north (SLC together) and south instead of east and west. Brandon's map, as he says,
 - a. Divides cities and counties as little as possible. Only 3 counties are divided (Davis, SL, Utah), and each is only divided between two districts. Only two cities are divided: Bountiful and Pleasant Grove.
 - b. Preserve rural regions: Northern Utah, Southern Utah, Uintah Basin
 - c. Make districts as compact (near-circular) as possible. Unfortunately, to keep SLC & WVC intact, I had to divide Salt Lake County into North and South"

I would add, because Brandon followed boundaries, there are also only three school districts that are divided between two districts—all in the largest districts in the state, Davis, Granite, and Alpine. Brandon accomplishes all this by throwing out the Redistricting committee's fetish of 2010 population variations at plus or minus 1 or 2 people or less. With Brandon at plus or minus 77 people and .01 of 1 percent he is well within statistical irrelevance. I am not a statistician, but I suspect anything up to .5 of one percent variance would be statistically irrelevant, legally supportable, and should be trumped by communities of interest.

Would one of you submit Brandon's map one and have a vote on it so it is in the record?

6. Rep. King's proposed Substitutions S05 & S08 with the big rural doughnut is way too big. The other flaws I see in it are the way it divides nearby regions such as Nephi from Payson, Tooele from West Valley, Park City from Salt Lake City and Morgan from Ogden.
7. Rep. Litvack's Substitution S09 tries to divide Salt Lake County north and south, like Plewe's map does, but to me it connects rural counties to SL County in as illogical way as the Republican maps—around Great Salt Lake and over snowbound back roads to connect Rich to Morgan to Salt Lake Counties and not connecting either with Cache, Weber or Summit Counties.

I also left comments about most of the plans at the Redistrict Utah site. Sorry this is so long, but I have (perhaps naïve) hope that some of you will read and act on the above as talking points this week. Thanks for all you do.

A last-second plea to not consider political careers in drawing the boundaries. To the victor, goes the spoils, it is said, and you may be of a mind it is quite within your right.

Each person to his or her own opinion, and I certainly am wrong about enough in life, but, yes, to me, it strays from good ethics to allow politics and political careers to be a factor in the way the map is drawn. (Maps? I believe the only one left, is the congressional map. But, if the legislative maps have not been finalized, I am concerned about them, as well.)

To the victor goes the spoils? And, therefore, you are but claiming what is yours? Is this no more of a thing than giving government posts to those of one's own party? It is a little more. In this case, if you adjust the boundaries to increase the chances of your party, or the odds for a particular possible candidate, you must change them away from what is best for the public.

You must sacrifice the good of the public for the good of a politician.

I mean no offense, but we elect you to serve us, the people, not to serve will of fellow political aspirants.

Please, as you look at the six (or however many) choices, consider which of them have been drawn to forward a political career and opt not to support that plan.

I urge you to vote against the Senate pizza plan, as well as the plan secretly drawn by Lockhart and associates. I think it is wrong to legitimize unethical practices as well as wasteful practices. Taxpayers paid a million dollars for a redistricting committee which was apparently used as a smoke screen to Republican gerrymandering plans. The arrogance of that party is astounding.

The maps are difficult to read on the computer but the looks of Gerber Citizen Map and the comments about it appear to me to be the best choice.

Dear Representative Doughty,

I am a constituent in your district and I have been following the redistricting process since the beginning as a member of the Utah House of Representatives. I am astounded at the level of arrogance that the committee showed in popping up on the last day (the 1st day of your special session) with the Ipson map.

I implore you to vote NO on this map - it disenfranchises all democrats, independents, and all non-Tea-Party Republicans. The Tea Party and Carl Wimmer fan groups in UT are much smaller than the representation they are given.

We do NOT need 4 representatives to each represent the urban/rural mix. The US Senators represent the entire state and should represent a portion of the state.

Please, please, Representative Doughty, just vote NO.

Rep. Doughty,

After reviewing Rep. Ipson's Congressional redistricting plan/map (update to Sumsion 6a), I am not pleased at all that my residence would no longer be in Congressional District 2 but in District 1 (Rep. Bishop's district). This happened to me back in 2001/2002 when my residence near the State Capitol was moved from District 2 to District 1 and now it's happening again. I moved not long after those redistricting maps were approved by the State Legislature. I don't understand why Salt Lake City is now going to be split into 2 separate districts compared to a previous map I reviewed that kept SLC in District 2. Is this a compromise plan in order to expand the 4th District into more rural areas? I reviewed the State House redistricting map and I see House District 30 is no longer and my residence will be in House District 25. I know, due to a large population shift in Salt Lake County, that SLC will lose 1 State House District and 1 State Senate District (my residence will be a part of State Senate District 2 instead of District 7). I have no grievances with the new proposals for the State House and Senate Districts. My concern is with the proposed Congressional map. I know the Republicans want to gerrymander to increase their majorities; however, what was the purpose of holding public hearings regarding redistricting and asking for the public's input if the Republicans are not going to incorporate any of the public's input into their redistricting plan!

Dear Representative Doughty,

Please **JUST VOTE NO** to Utah's new Sumsion06 Adopted FInal U.S. Congressional Map at next week's Legislative Session. **Your NO vote WILL MATTER.** If citizens can get enough NO votes in the Legislature we have a plan of action.

This adopted map, dubbed the "pizza slice" plan, divides up communities of interest including rural and urban citizens, and purposefully dilutes the votes of unaffiliated voters and Democrats. This plan focuses on a narrow political agenda rather than keeping communities together, unfair to citizens, to minorities, and to democracy. Good plans have been submitted that keep communities together. (Utah Citizens Counsel Plan A, for example.)

I am with a political action committee called RepresentMeUtah! Our group consists of two Independents, a Republican, a Democrat, a Libertarian and a Constitutionalist. (www.representmeutah.org) We have a plan for immediate action if we can get enough NO votes. But also, next year we intend to appeal to 950,000 unaffiliated Utah registered voters to get out and vote for legislative candidates who are willing to stand up for democracy, including standing up for fairness in this redistricting process.

If you have any hesitation with this map, please vote NO.

The final Congressional Redistricting proposal now before you is nothing short of cynical. It virtually disenfranchises the remaining few voters who dare to disagree with the majority and now, finally removes any incentive to even go to the polls. The majority owns 80% of our congressional delegation, 76% of the State Senate and 77% of the House. Now you are about to vote to squash what few remain out of your control, just because you can. Greed is destroying the American economy. And greed is about to destroy Utah democracy. Don't be surprised when nobody shows up to vote. What's the use?
