Senator Van Tassell
Representative Briscoe

As one of your constituents living the the Snyderville Basin, I urge you vote for the Garber Citizen Map, sponsored by Rep Brian King, in the upcoming redistricting vote. It is the best map of the Wasatch Front that I have seen.

Thank you for your consideration,
Rosemary Craighill

Subject: Redistricting Plan Submitted Plan ID 68408 "Fair 4 Utah Counties and Cities" - A Compromise Plan Like No Other!
Attachments: [State Map - Fair 4 Utah Counties and Cites.png](#), [Salt Lake County Map - Fair 4 Utah Counties and Cites.png](#), [Northern Utah Map - Fair 4 Utah Counties and Cites.png](#), [Districts Split in Salt Lake County - Fair 4 Utah Counties and Cites.png](#), [Fair 4 Utah County AssignedDistrictSplits.pdf](#), [Southern Utah Map - Fair 4 Utah Counties and Cites.png](#), [Mime.822](#)

Please consider the "Fair 4 Utah Counties and Cities" plan (ID 68408).

My "Fair 4 Utah" plan was submitted to the Redistricting committee by Rep. Fred Cox at the Oct 7th meeting. This modified plan addresses many of the concerns.

This plan has key elements put together like no other plan. It is compromise plan fair 4 Utah.

The plan has been submitted but does not show on the redistrictUtah.com site. In place of a online link, images are attached.

In the Fair 4 Utah Counties and Cities plan:

- All of the counties are whole except Salt Lake.
- The Eastern, Southern, and Western Counties are grouped the same as the Rep. Sumsion map that passed the Senate. (If there is a better grouping, I can still make it work with Counties and Salt Lake county Cities together.)
- Salt Lake county is mostly split into two districts 84% with a small portion in the other two districts.
- All of the cities in Salt Lake county are whole except West Valley City and three others (South Salt Lake, Salt Lake City, and Herriman) with minor splits. As an example Salt Lake City is all in one district except about 100 people.
- In Salt Lake County the cities are grouped based on their similar shared communities.
- District 2, 3, and 4 are at the target mean of 690,971. District 1 is one over at 690,972.
-

In Salt Lake County		
District 1	93,813	9%
District 2	539,727	52%
District 3	67,995	7%
District 4	328,120	32%
Total	1,029,655	100%

Good congressional districts are so important.

Thank you for your efforts and time!

To: Leonard.Plaizier@gmail.com

Thank you for submitting a proposed redistricting plan through Utah's online redistricting tool. Please note that all plans submitted will be made available for review by the Redistricting Committee and the general public on both the online tool and redistrictutah.com. Shortly after plans are submitted, they are posted on redistrictutah.com for public comment.

As time allows, the public can further discuss submitted plans during the public comment portion of future Redistricting Committee meetings. A full list of public meetings can be found at redistrictutah.com.

If you have any questions regarding submitted plans or technical issues with the online tool, email us at redistrictutah@utah.gov.

Dear Senator,

As a citizen of Utah, I urge you to VOTE NO on the current map being discussed in the House.

I have studied the maps and I would suggest to you that the best map, based on contiguousness and compactness, is the Garber Citizen Map (modified, sponsored by Representative Brian King).

<http://www.redistrictutah.com/maps/congress-rep-king-garber-modified-king>

Please vote for this compromise map. I know you have worked very diligently for the people of Utah, and I thank you for it.

Sincerely,
Quang Dang

Dear Senator Van Tassell,

I really hope that you will vote for the Garber/King map when it comes time to make a decision on redistricting. Living in a state district that is both rural and urban I feel that the only way that true representation happens is to be grouped with a majority of voters that have similar interests. Communities should not be divided. The idea of splitting congressional districts up to have an equal amount of urban and rural voters only will ensure that neither side will be represented!!! I live in Park City and it is about time that Utah is represented by a Congressman that does NOT live along the Wasatch front!? I am sure that most of your Verna/Roosevelt/Uinta Basin constituents would agree. This is not about Republican or Democrat but about common sense and what is best for ALL voters in the state of Utah>

Respectfully,

Staci Arnone

Dear Senators and Representatives:

I wish to express my support for the King/Garber congressional redistricting plan. It preserves the urban/rural district mix that the committee prefers, while keeping intact communities of interest. There are some very distinct differences among Northern, Western, Southern and Eastern Utah, and the King/Garber plan wisely allows those areas' specific interests and constituencies to be well-represented. As a resident of Tooele, I can safely say on behalf of my community that-- regardless of political affiliation-- we would prefer to be included in a congressional district with western Salt Lake County, which the King/Garber plan does.

I urge you to adopt the King/Garber map.

Respectfully,
Carina Dillon

I am writing to express my displeasure with the redistricting process so far. As an urban Utahn, it is important to me to have my community's voice heard. I want to have the ability to vote for candidates that represent me and my community, just as I think it is important to provide rural Utahns the same opportunity. Attempts to create contrived boundaries to break up my community and dilute urban Utah voices is wrong. Please don't give me the disingenuous argument that you are trying to blend urban and rural issues. Committee efforts to create "pizza slice" districts are intended to reduce democratic influence in Utah from little to none. The public is not fooled by that argument.

You can do better than this.

Dear Representative or Senator:

I am pleased that the legislature has 'stepped back to take another look' relative to redistricting, as it was clear from the map under consideration at that time did not represent the concerns of many Utah citizens. That is, the map did not keep communities of interest intact in any meaningful sense of the word. Specifically, the 'pizza slice' approach to Salt Lake County completely disenfranchised that population by carving it into four pieces and linking three to rural areas with enough population to overpower the urban voice.

Unfortunately, it appears that the 'revised' plan, developed behind closed doors and without public input only worsens the situation by linking the new District 4 to rural areas as well. This approach serves no one well -- urban or rural -- and represents a total travesty that can only be described as blatant gerrymandering for partisan gain. The comments of Becky Lockhart and others chastising questioners who dared suggest that this approach disenfranchised voters and weakened democracy by replying that 'this is a Republic' (don't you know stupid) and 'no Republican or Democrat' will be deprived of a vote under this plan' only underscores the blatant disregard of this legislature for those you are supposed to represent and a lack of understanding of many prior court rulings that underscore the importance of preserving communities of interest in order to protect the ability of those groups to be effectively heard. Additionally, claims that you 'listened to the public' have been nullified by your subsequent redrawing of the lines behind closed doors and the destruction by some members of email communications relevant to the process. Prior to this, efforts to silence the voice of Utahns by creating impossibly high barriers to citizen petitions only further underscores this disregard. The voices of the many thousands who signed a petition asking for an independent redistricting commission have been ignored. I am confident that, had the bar not been set quite so high and had online signatures been acceptable, the initiative would have been on the ballot and would have passed.

Please astonish me and truly step back far enough to consider and implement a plan that does not disenfranchise the urban majority population of this state. We will be heard -- if not now, at the ballot box come November.

Ellen

Dear Redistricting Commission;

I did a redistricting experiment with my 13 year old. I gave her a map of Utah (with cities and counties included), a box of crayons and a set of rules:

- 1) Keep counties together
- 2) If a county is too big to fit in one district, then keep the cities together
- 3) If a city is too big, keep a school district/neighborhood together

Using Cerulean, Cadet Blue, Carnation Pink, Mango Tango....as well as the population sizes for house and senate districts, she created some maps that were not only pretty, but much better than the maps created by legislators, their lawyers and hundreds of thousands of tax payer dollars. Maybe because she has no idea where any legislator lives or whether a district should be colored in red or blue, maybe that's why her maps were fair....I don't know, you decide.

Sad really, creating fair maps is not rocket science, it's cartography and a lack of political bias. People who are worried about their own re-election should not be drawing their own voting district. To say this is government 101 is an understatement of Founding Father proportions. Shame on all of you for prioritizing political gain over democracy.

Shame on all of you for wasting tax payer money.

Shame on all of you for trouncing around the state giving people the impression that you were listening to them.

Shame on all of you for once again making the Utah redistricting process a mockery of Democracy.

Shame on all of you for putting together a committee that was so biased from the start, it was a comical joke (15-5 really?).

Shame on all of you for putting together a set of rules and guidelines so vague that they mean nothing.

Shame on all of you for not being willing to put any academics, metrics or a scorecard into this process (other than population deviation).

Here we are in the eleventh hour bickering over maps that don't take into consideration even one of the maps citizens painstakingly put together or any of the multitude of comments from citizens all over the state "keep our communities together" - all this bickering has only to do with securing incumbency - rewarding loyalty, penalizing others. Pathetic.....

The Congressional map is terrible and the State Senate map is worse. Maybe someone will get an epiphany and realize what we need to do is to start over and let some experts do this - how about an independent commission?

Disgusted with the Utah legislature,
Tania Knauer

Subject: Ipson Map

Due to the last minute notice, I can't make it to any public hearings today, but I want to make it known that I do not approve of the congressional map presented by Rep. Ipson. I believe it's an attempt to meet the Governor's own political agenda, and that to me is wrong. At the very least, I feel that two districts should be urban and two mainly rural. The federal land issue is a poor excuse for a map like this, and in my opinion is a special interest.

As Terry Mundorff so eloquently stated in this morning's Tribune: "Article I, Section 3 provides for at-large elected officials whose purpose it is to represent the state as a whole. They are called senators, not representatives".

Subject: Senate District with Wallsburg
Attachments: [Mime.822](#)

Senator Waddoups and VanTassell,

This email is concerning the senate district for Curtis Bramble that would reach up into Wallsburg for part of his district. As you are well aware, that would make his district a multi-county district and would throw any reelections to state delegates, rather than county delegates.

I would like to express my extreme dissatisfaction with this option. At a time when the grass roots procedures of county delegates and local participation are under attack, this move would do nothing more than accelerate the efforts to do away with the caucus system.

I would hope you would take a strong look at this alignment and not follow it. I read an article, or editorial, just yesterday that was talking about the efforts to make the new districts as close to zero difference as possible. It went on to say that it would be better to allow a difference of 1-2 %, or even close to the 3% allowed, if that meant keeping communities of interest together, rather than breaking them up for just numbers. By throwing Wallsburg into Utah County, they would be totally eliminated from ever having any voice in their Senate District. Senator Waddoups, I was told this morning, by a Utah County delegate, that you would not allow this to happen if you had one person from Wasatch County who was opposed to it, but that you hadn't heard any. I suspect that this isn't the first comment you have received from Wasatch County, but it is one.

Thanks for your consideration.

Subject: Redistricting of West Provo

Dear Redistricting Committee:

As a resident of west Provo, I am asking you to redraw the lines for west Provo and Orem.

Over the past ten years we, in west Provo, have been separated from our neighbors and "orphaned" as it were due to the district boundary alignment. We feel that this is wrong and respectfully ask to you to change the boundaries so that we can be in the same district as our close neighbors here in Provo.

With the upcoming redistricting special session, you have the opportunity to correct this and to have Provo represented by 2 Senators, not 3. Instead the committee looks to separate us from our neighbors and to include us with Vineyard and other rural areas of South Utah County. Over the next 10-30 years the area we live in is expected and projected to experience tremendous growth. We feel that as this growth occurs our representation will be diluted much as it has been over the last 10 years.

While it may be true that ten years ago and before that, west Provo was a rural area, this is not the case now and it is projected that we will become even more urban.

We need our Senator here in west Provo to be contained to an urban area in Provo/Orem.

Please redraw the lines in west Provo and Orem so that Provo is represented by 2 Senators not 3.

Thank you for your continual efforts to get this right.

Don't Pizza Slice the Districts

Please, Utah Republicans, don't be greedy. It should be enough that you maintain a safe majority in most of the state, but it's not honest or just to jiggle the boundaries to disenfranchise the Democrats in SLC, the one area where they are the majority. That's not democracy -- that's just bullying. Be honest and be content with your actual majorities. Let Democrats in Salt Lake have a chance to exercise their actual majority. In other words, don't pizza-slice the Democratic majority in SLC to make sure their votes will never count.

I live in Orem, and so I know my vote for a Democratic representative will never have much of a shot, but that's because my neighbors are all Republicans, and fair is fair. But if I lived in Salt Lake, where most of my neighbors were fellow Democrats, I would expect a reasonable chance of electing a Democrat as representative, because fair is fair.

The pizza slice proposal to defeat that basic democratic principle (small-D democratic!) is cynical and political. Please, show you have some honor and backbone, and do the right thing.

Subject: Provo/Orem Senate map lines are not good

Dear Redistricting Committee:

As a resident of west Provo, I am asking you to redraw the lines for Provo/Orem.

We have been the orphans of the area represented by Sen. Madsen for the past 10 years. Our district grew so big that essentially 1 Senator was representing the population of 2 districts.

With this redistricting, you have the opportunity to correct this and to have Provo represented by 2 Senators, not 3 as currently drawn. Instead the committee looks to lump us with Vineyard and rural South County. Outside of Lehi area, these areas as well as our own west Provo are projected to have tremendous growth over the next 10 years. Our representation will be diluted again!

Particularly offensive is the inclusion of Vineyard which is not connected to the rest of the district via road without crossing a neighboring district. High-population-growth Vineyard should be paired with its low-population growth Orem.

We need our Senator here in west Provo to be contained to an urban area in Provo/Orem. Provo in particular is undergoing a metamorphosis: we have commuter rail coming, reworking of interstate changes and thoroughfares, Utah's newest commercial passenger airport, a revitalized downtown including expanded NuSkin building and county convention center, and now even a new LDS temple. We need that Senator in Provo to focus on these issues, not south county issues.

Please redraw the lines in Provo/Orem so that Provo is represented by 2 Senators not 3.

Thank you for your continual efforts to get this right.

Dear Committee Member,

I just wanted to write to let you know that I feel that West Provo should not be stripped away from the Provo/Orem Senate district and placed in a rural district. I feel that West Provo has the same Ideals and values as the current Senate district and it would be a shame for us to be put in a district with other rural areas where we do not have common needs or values. I encourage you to keep West Provo with the current Provo/Orem Senate district and not split us off into a rural district.

Sincerely,

Christopher Miller

Sen. Van Tassell,

It looks like the Senate redistricting map splits off Wallsburg into Curt Bramble's district. I found out that a multi-county district would make it so Bramble does not get selected by his county delegates but by the state delegates. There are 400 or so county delegates in Utah county that are pretty upset about that.

It seems silly to split off a tiny part of Wasatch county just to help out Bramble.

I am hoping to keep Wallsburg in the same district with the rest of Wasatch county if possible.

Anything you can do to help would be appreciated.

Thanks!

Dear Senator Van Tassell,

Please **JUST VOTE NO** to Utah's new Sumsion06 Adopted FInal U.S. Congressional Map at next week's Legislative Session. **Your NO vote WILL MATTER.** If citizens can get enough NO votes in the Legislature we have a plan of action.

This adopted map, dubbed the "pizza slice" plan, divides up communities of interest including rural and urban citizens, and purposefully dilutes the votes of unaffiliated voters and Democrats. This plan focuses on a narrow political agenda rather than keeping communities together, unfair to citizens and to democracy. Good plans have been submitted that keep communities together. (Utah Citizens Counsel Plan A, for example.)

I am with a political action committee called RepresentMeUtah! Our group consists of two Independents, a Republican, a Democrat, a Libertarian and a Constitutionalist. (www.representmeutah.org) We have a plan for immediate action if we can get enough NO votes. But also, next year we intend to appeal to 950,000 unaffiliated Utah registered voters to get out and vote for legislative candidates who are willing to stand up for democracy, including standing up for fairness in this redistricting process.

If you have any hesitation with this map, please vote NO.

Best Regards,

Kelli Lundgren
