Dear Representative/Senator:

As you look at voting on a congressional redistricting plan today, I would encourage you to consider the King-Garber option, as it is the least offensive among the three maps put forward for (apparently final) consideration. That is, it appears to only split Salt Lake County into two pieces instead of three or four. As a resident of Utah's most populous county, I deeply resent the effort on the part of this legislature to ensure that our voices are so diluted that it cannot be heard. We will make them heard -- in the voting booth and in the court room if this patent absurdity continues. I am appalled by a process that has been conducted behind closed doors, has continued to ignore the input of the public in spite of a charade of seeking that input, and which (above all else) seeks only to ensure the ongoing dominance of the GOP in this state.

Ken,

I hear you and your fellow Republicans have done quite the bang-up job with redistricting.

Also, because of yours and other republicans affiliation with the Tea Party and its political extreme beliefs, I will be changing my party affiliation to Independent.

Sincerely a wrongly misrepresented constituent,

Republican House of Representative members,

I represent the 80 percent of Utahns and Americans—the independents, moderate Republicans, and moderate democrats—who want Republicans and Democrats in the legislature and congress to work together for the country and people rather than solely for their own partisan political objectives. If you are part of the 20 percent who doesn't care whether the parties work together, I disagree. If you care what the 80 percent think, read on. Otherwise please delete this e-mail now rather than have me waste your time.

1. Rep. Sumsion explained at the SLC library last week, that the Utah House boundaries, mostly developed by him, were done in an independent attitude (bi-partisan way). He reported that 3 of the 4 eliminated/consolidated Utah house seats were in slower-growing Republican districts and only 1 in slower-growing Democratic districts. If true, congratulations to him and the Utah House and thanks to the Redistricting committee and all its work on all the House maps.
2. The McAdams / Cox "Modification of Hat and 3 Stripes" is apparently the only bipartisan map published since your late September adjournment. It is not as good as Rep. King's maps but as Sen. McAdams said at the SLC library, this one which he was then working on might be the only one the your supermajority would consider as a compromise.
3. By nearly any definition, your West Valley to Payson doughnut-hole plans would create a gerrymander district around the hole, connecting south Davis County and San Juan County in an illogical way. I've stopped being angry, but please try to convince each other to take a higher, less partisan road.

To get from Woods Cross to Blanding by logical highways, SB3002 and Rep. Sumsion's proposed Substitutions 15 and 16 would require the congressman or woman to cross district boundary lines 6 times. Under the Froerer-Adams-Modified Sumsion 15 map he or she would have to cross boundary lines 4 times, but district one would become gerrymandered.

THOSE PLANS ARE ALL EXTREMELY UNFAIR. If it were me, I would vote no on all of them this week, whether I were Republican, Democrat, or Independent. None of them make you look like statesmen and women.

4. Of all congress maps submitted in October by a legislator, only Rep. King's proposed Substitution 7 (the Garber Plan) meets the criteria that ought to be the only criteria for congressional boundaries other than equal population. Those criteria keep districts logical, compact, and keep most communities together. They also keep neighboring communities and counties together.

Rep. King's S12 looks like a fairly decent compromise between Garber's good points and replacing S3002's and Sumsion's West Valley-Provo doughnut hole with something more defensible. Would one of you, perhaps a Republican in central or southern Utah sponsor it with him as another bipartisan option?

5. The only map I like better than Rep. King's is Brandon Plewe's October 9th NSEW modification of King's S07. Two districts (north and south) would likely be permanently Republican for the ten years.

The subject was taken from the Utah County Daily Herald. I couldn't agree more. The process of the Utah Legislature inviting the public to give them input on how the districts should be drawn and spending \$1,000,000.00 on software to do it was nothing but a sham. I am completely disgusted and appalled at the arrogance and pompous attitudes shown by you on Monday night. It is ridiculous and another embarrassment to the state of Utah. I have NOTHING in common with people in rural areas just like they have requested during the entire process that they have nothing in common with those in urban areas. I also don't have anything in common with people in Bountiful or Kamas, etc. What would Jesus do? Certainly not this!

I don't forget, and this time I will be joining both Democrats and Republicans in revolt against this map and the lies we have been told.

Dear Rep. Sumsion,

Thank you for speaking at the "Redistricting Utah: A Community Process" on October 11, 2011. The information in your speech was fascinating and timely. Our only regret is that we did not have more time to discuss this topic with you.

We hope that you enjoyed meeting the speakers of the conference and some of the attendees, and that you will consider returning in the future to the City Library to discuss other issues.

Thank you.

I think you and the legislature did very well with the redistricting. I've followed the maps and mostly like what the final lines ended up as. You put in far more work than we did ten years ago.

Good job!

It is with great displeasure that I have witnessed this year the destruction of Constitutional principles by the very people I elected to represent me. I was disgusted with how SB3002S19 and SB3002S20 were virtually shoved down our throats when we the voters said with one accord no to this map. I know several people who sent e-mails asking you to not vote for this map. Now we see that the party bosses in Salt Lake City told you what to do.

I have never felt as powerless as a voter as I have at this time. It as if my voice did not even matter to you. I have been betrayed by the people I voted for. This is just what they did in the old Soviet Union.

Since Governor Herbert thought it was in the best interests of the Utah taxpayers to approve one of the most ridiculous and heartless redistricting maps ever, it has become apparent to me and many others that this state should become its own country. Obviously you have no respect for diversity, honor, or tolerance of people different from you. I believe there were 19 legislators who voted NO and for those people, I have a great deal of respect!

Let me also remind you that being religious isn't going to church on Sunday, it's all about how you treat your brothers and sisters 24 x 7 x 365 days per year! Obviously, you have forgotten what Jesus Christ's teachings are all about! For those who supported this atrocity, you are absolutely despicable!

Hi. My name is Morgan Taylor and I am a writer for the U of U Daily Chronicle. Sorry this is very last minute, I was just wondering if I could get a statement from you on the redistricting of the legislature boundaries. An interview tomorrow morning would be fantastic. However, if email is easiest for you, because of the time limit, I have listed some questions below.

How were the boundaries chosen? Were the demographics of populations involved in this decision? Or how did that decision come to be?

I believe that the decision on the boundaries was already made is this correct?

And if so, I noticed that on the chosen map Salt Lake is separated into all four districts. Was this map chosen for a reason connected to this fact or another reason?

Also, any other statement would be greatly appreciated.

Thank you for your time.

Governor Signs Final Special Session Bills

SALT LAKE CITY—Governor Gary R. Herbert signed the remaining pieces of legislation from the recent special legislative session. The bills signed were:

- S.B. 3001s03 Utah State Senate Boundaries and Election Designation (Sen. Okerlund)
- S.B. 3002s19 Congressional Boundaries Designation (Sen. Okerlund)
- S.B. 3005 Lieutenant Governor District Determinations (Sen. Okerlund)

Governor Herbert issued the following statement regarding Utah's redistricting effort:

“Redistricting is an emotional and complex issue. For more than six months, the State Legislature engaged members of the public in an unprecedented way. I find that the Legislature followed the law, and the outcome, although not entirely satisfactory to everyone, is reasonable. Let us remember, in the final analysis, our representatives are not chosen by lines drawn on a map; they are elected by the people of Utah.”

We are now simply trying to find common ground with the Senate.

Representative Sumsion,

Thanks for your time yesterday. I left you a voice message last night, but recognizing that you are extremely busy I thought it would be more effective to send you this email - essentially to reiterate that the Governor is not pushing for ONE specific map over another. The reason I wanted to speak to you is because we continue to read articles and comments attributing the Governor's name to a specific map or indicating that the Governor is pushing for specific boundaries.

As you know from our meeting, that is not the case. The Governor recognizes that how the finished map is created and where the specific boundaries are drawn is the constitutional purview of the Legislature. We appreciate your help in communicating to members in your body that the Governor's desire is for an urban/rural mix in each of the four congressional districts so that Utah has as many voices as possible in DC advocating for both urban issues, as well as rural issues such as management of public lands and energy development. I am certain there are a number of maps that would meet this criteria and be acceptable to the Governor. I also spoke to Joe Pyrah last night asking that he reiterate the Governor's position with the Speaker.

Please call me if you would like to discuss further.

Thanks again.

Derek

P.S. Thanks for your hard work on this process through the Summer and congratulations on the overwhelming support on the Utah House map. The 74 out of 75 votes in favor was a resounding affirmation of the fair and balanced approach and outcome on this map!

The base map had it going south ward.

Usually the discussion is to keep all the military installations in one seat.

I was just reading through map redraws this morning. I have one huge concern with removing Tooele from Rep District 2. Given Bishop's previous dealings with Energy Solutions, I see it as very concerning that Bishop would assume representation of that area. I suggest that representation of that area specifically not be given to Bishop to ensure there is no conflict of interest.

Kelli,

I have always been impressed with your sincerity. The House map is probably about 80% there. A few seats I would prefer to have been different but it is a political process. I think we did a much better job than the senate did on maps.

I know it frustrates you that my philosophy on congressional maps is so different. I will not elaborate here but I have a different view of the role of congressional seats within a federal system.

Thank you for being so involved.

Ken

You know, you're really making it hard for us to be mad at you... but we are.

Thank you for all your hard work on this process. What a HUGE task.

Plan on a Christmas card from me.

Lee,

What time? I have missed so much work doing this and have a lot on my table to do today before I miss another day tomorrow.

Does his show begin at 9. If it does tomorrow would be better as I will be at capitol for another meeting.

Sir,

I wonder if I could get you to come on with Doug Wright this morning (yeah, I work here now) and chat a little on the latest on redistricting.

All the best,
