1. Committee Business

Chair Sumsion called the meeting to order at 9:15 a.m.

The committee members and staff introduced themselves and their role in the redistricting process.

Chair Sumsion read sections from the United States and Utah Constitutions regarding redistricting. He stated that the United States Supreme Court has emphasized the principles of one person one vote and encouraged the Committee to be fair and reasonable in its redistricting actions. He also clarified that citizens would have the opportunity to state their opinions and provide redistricting recommendations to the Committee.

Chair Sumsion showed a map generated by a computer based on population and said if any of the lines were adjusted, it would have a political impact somewhere in the state. He said the Committee needs to be fair, reasonable, open, and transparent in the redistricting process.

Chair Okerlund pointed out that there are several people on the current Redistricting Committee who were a part of the 2001 Redistricting Committee. He said Committee meetings would be scheduled throughout the state in order to obtain more input from the public.

5. Redistricting Procedural Guidelines

Rep. Sumsion introduced the 2001 redistricting procedural guidelines.

Mr. Cannon explained the redistricting procedural guidelines used in 2001.

Rep. Barrus asked if political information about incumbents should not be discussed with the Office of Legislative Research and General Counsel staff. Mr. Fellows recommended that the Committee not share with staff the reason why they want district lines placed in a particular spot.

Rep. Biskupski said she was on the Redistricting Committee 10 years ago and recommended that the committee not draw lines to help specific people, but instead look out for the best interest of the public.

Rep. Gibson asked if a copy of the map drawn by a computer shown by Rep. Sumsion at the beginning of this meeting could be provided to the committee. Rep. Sumsion said that staff would post the map on line.

Mr. Kory Holdaway, Utah Education Association, asked about the procedures for the public to present their redistricting ideas and how these maps would be presented to the Committee. Rep. Sumsion said he would probably ask staff to look at commonalities between the different plans presented from the public.

Ms. Taylor asked if it was possible to take into consideration the counties with the highest population growth to determine where to start redrawing boundaries. Mr. Fellows said that this would be difficult to do because the Committee is driven by the absolute numbers of the census data.

Ms. Taylor asked if it was possible to use the computer to draw the boundaries with the computer taking into account different rates of population growth. Mr. Wade said that the current software could not do this.

Ms. Susan Connor, Represent Me Utah, questioned if there was any way that the software could be available sooner than the next couple weeks, and asked how much the software cost. Mr. Cannon said the Office of Legislative Research and General Counsel is still in negotiation with the vendor and will not be able to get the software available sooner. He said that the cost of the software is between \$60,000 - \$80,000.

Ms. Connor asked for clarification on how much public input the Committee wants. She recommended that the Committee focus on numbers rather than politics. Chair Okerlund said that the redistricting process would be very inclusive and the Committee would try to look at as many plans as possible.

Mr. Marv Poulson, citizen, expressed concern that the actions of the Redistricting Committee may be changed when the plans are taken to a vote by the entire Legislature. He also expressed concern that using technology could be a means of providing so much minutiae that it could be a smoke screen to hide what is really happening. Chair Sumsion reiterated the committee's commitment to have an open committee by allowing the public the opportunity provide input.

Mr. Rob Latham, citizen, expressed concern about prison population used in the census data and asked that the Committee take that into account in drawing boundaries. He said that, because prisoners cannot

2011 Redistricting Principles

1. Congressional districts must be as nearly equal as practicable with a deviation not greater than $\pm .1 \%$.
2. State legislative districts and state school board districts must have substantial equality of population among the various districts with a deviation not greater than $\pm 3.5\%$.
3. Districts will be single member districts.
4. Plans will be drawn to create four Congressional Districts, 29 State Senate Districts, 75 State House Districts, and 15 State School Board Districts.
5. In drawing districts, the official population enumeration of the 2010 decennial census will be used.
6. Districts will be contiguous and reasonably compact.

The above redistricting principles were adopted by the Legislative Redistricting Committee at its May 4th meeting in 2011.

- Staff Presentation - Joseph Wade and Leif Elder

2001 Redistricting Principles

1. Congressional districts must be as nearly equal as practicable with a deviation not greater than + .5 %.
2. State legislative districts and state school board districts must have substantial equality of population among the various districts with a deviation not greater than + 4%.
3. Districts will be single member districts.
4. Plans will be drawn to create three Congressional Districts, four Congressional Districts, 29 State Senate Districts, 75 State House Districts, and 15 State School Board Districts.
5. In drawing districts, the official population enumeration of the 2000 decennial census will be used.
6. Districts will be contiguous and reasonably compact.

The above redistricting principles were adopted by the Legislative Redistricting Committee at their April 26th and May 10th meetings in 2001.

2001 Redistricting Procedural Guidelines

1. All requests to use staff time and redistricting resources must first be cleared by a member of the committee and by one of the committee chairman. A committee chairman will not unreasonably deny a legitimate request.
2. To ensure the security of information and to protect licensing agreements with software manufacturers, access to computer information and the computer system used in the redistricting process will be restricted to redistricting committee staff. With permission from a chairman, individual legislators may be present and direct staff in drawing plans.
3. Redistricting Committee meetings will be open to the public.
4. Members of the public may obtain any copies of written information provided at Redistricting Committee meetings.
5. Political data will not be included in the redistricting computer system. Political data should not be shown to or discussed with redistricting committee staff nor at Redistricting Committee meetings.
6. Every change to a proposed plan by any committee member must also resolve the ripple effect on the entire plan caused by that change.

The above redistricting procedural guidelines were adopted by the Legislative Redistricting Committee at their May 10, 2001 meeting.

Mr. Christopher M. McClelland, Research Assistant
Mr. John L. Fellows, General Counsel
Ms. Kimberly A. Heiner, Legislative Secretary
Ms. Tracey Fredman, Legislative Secretary

Note: A list of others present, a copy of related materials, and an audio recording of the meeting can be found at www.le.utah.gov.

1. Committee Business

Chair Sumsion called the meeting to order at 9:13 a.m.

MOTION: Sen. Van Tassell moved to approve the July 20, 2011 Rose Park minutes and the July 26, 2011 Vernal and Park City minutes. The motion passed unanimously with Rep. Watkins absent for the vote.

2. Committee Review of Redistricting Plans

Mr. Peter Corroon, Salt Lake County Mayor, said that Salt Lake County prefers a doughnut approach to congressional redistricting and asked the Committee to minimize the number of districts that Salt Lake County is split up into to keep communities of interest together.

Chair Sumsion said that he was planning on making a motion at Monday's meeting for the Committee to adopt a State School Board plan as a committee recommendation to the full Legislature. As part of this motion, he said he would also move that the committee authorize staff to make minor technical corrections to the plan to be subsequently approved at a final meeting of the Committee before the Legislature considers these plans in a special session. He then distributed a handout to the Committee containing the language of the motion.

SCHOOL BOARD PLANS

Committee staff distributed a handout listing state school board plans submitted on RedistrictUtah.com.

The Committee chairs distributed a letter from the Utah State Board of Education discussing their preference for plans. They also distributed a memorandum showing the Board of Education's

handout item 15). He also distributed a Utah Citizens' Counsel News Release that recommended a non-partisan citizens' committee to be created for redistricting.

Mr. Merrill Nelson, Utah Citizens Counsel, presented "UCC Senate Plan A-1" (senate handout item 16) and discussed the rationale of the plan.

Rep. Cox discussed his senate plan "Draft 1" (senate handout item 7) and explained the rationale of the plan.

Chair Okerlund discussed David Edward Garber's "Garber SDs B" (senate handout item 3), David Edward Garber's "Barber SDs C" (senate handout item 4), Adam Bass's "State Senate Maps" (senate handout item 5), Beau Sorensen's "Senate Redistricting" (senate handout item 6), and Jon Greiner's "Jon Greiner 1" (senate handout item 8). President Waddoups said he liked the "Jon Greiner 1" map because it illustrates that communities of interests are different for different people.

Chair Okerlund also discussed Robert Wren's "Senate redistribution" (senate handout item 9), Gary Hawes's "One Great Plan" (senate handout item 11), Gary Hawes's "new senate plan" (senate handout item 12), Chad S's "Chad Senate" (senate handout item 13), and Michael Jolley's "Michael Jolley Senate Districts" (senate handout item 14).

Mr. Gorman said that the Navajo nation has unique issues and should be taken into consideration in redistricting. He also said that the 2010 Native American population in senate district 27 is 8.5%. He said the Navajo Nation supports Adam Bass's "State Senate Maps" (senate handout item 5), Steve Clark's "Steven Clark_State Senate I" (senate handout item 10), and the Utah Citizen Counsel's "UCC State Senate B" (senate handout item 15) because they follow the current district 27 line, preserving the Native American population within that district.

Dr. Sue Connor, Represent Me Utah, said that she opposes Steven Clark's "Steven Clark_State Senate I" (senate handout item 10) map because his description said that he created the map with incumbents in mind. She said that she supports the Utah Citizen Counsel's "UCC State Senate B" (senate handout item 15) map because it keeps communities of similar interests together. She said that she also supports Rep. Cox's plan "Draft 1" (senate handout item 7) because it did not take incumbency into consideration. She responded to questions from the Committee.

Mr. Ken Froehle, Represent Me Utah, said that incumbency protection is not what the government needs.

Mr. Chris Sloan, Tooele County Republican Party, thanked the Committee for the work done on Redistricting. He said that Tooele county identifies more with the western side of Salt Lake County than they do with Utah County and asked the Committee to keep Tooele County as whole as possible.

Mr. Glen Wright, Fair Boundaries, said that Fair Boundaries is looking into a software that will allow them to see how many times county boundaries are crossed in proposed maps to give an objective number to compare maps with. He also said that Fair Boundaries will be publishing ratings on different presented maps. He responded to questions from the Committee.

Rep. King asked staff if there was a way to mathematically measure the plans to see how compact the boundaries are. Mr. Cannon said that there are several measures of compactness with the current Redistricting software.

without favoring any party or group.

Mr. John Hansen, citizen, presented and discussed a map that was not contained on the list titled "Plan: JAH for Utah."

Mr. Cannon clarified how Committee staff defined the classifications of two types of plans on the handout. Mr. Cannon said that proposed districts containing a mix of rural and urban communities were being referred to as pizza plans, whereas proposed district plans that did not contain a rural urban mix were referred to as doughnut plans.

Chair Sumsion reviewed the following congressional plans: Alex de la Torre's "Alex's Congressional Districts" (congressional handout item 1), Beau Sorensen's "Sorensen Plan" (congressional handout item 2), David Edward Garber's "Garber CDs" (congressional handout item 3), Jason Steffen's "Jason Utah Plan" (congressional handout item 7), Norman Allen's "normallen plan 1" (congressional handout item 11), Steve Swann's "Swann Congress Plan 1" (congressional handout item 12), Jeremy Johnson's "Turbo" (congressional handout item 14), Daniel Mejia's "Congress - Davis - Centered" (congressional handout item 23), and David Hulme's "4" (congressional handout item 25).

Chair Okerlund reviewed the following congressional plans: David Edward Garber's "Garber CDs B" (congressional handout item 5), John Evans' "Plan 1" (congressional handout item 8), Jon Stanard's "Stanard_1 Submit" (congressional handout item 10), Brian Fabbri's "Congressional District" (congressional handout item 13), and Bob Bernick's "bobcong2" (congressional handout item 105).

Rep. King presented the Salt Lake City Council and Mayor's "Salt Lake City Congressional Map 2" (congressional handout item 120).

Sen. McAdams presented the Salt Lake City Council and Mayor's "Salt Lake City Congressional Map 1" (congressional handout item 121).

Mr. Gorman said that there are areas of Utah with a significant number of Native Americans, in particular the current Congressional District 2. He said that the Navajo Nation has similar interests with other Native Americans and together could be considered a community of interest.

Mr. Sloan, commented against the Salt Lake City Council and Mayor's "Salt Lake City Congressional Map 1" stating that Salt Lake County would overpower and likely silence Tooele County's voice in the future.

3. Adjourn

MOTION: Sen. Davis moved to adjourn the meeting. The motion passed unanimously with Rep. Gibson absent for the vote.

Chair Sumsion adjourned the meeting at 2:20 p.m.

Ms. Sue Connor, Represent Me Utah, said she supports the "Dave Thomas 5" map because the State Board of Education recommended the plan. Chair Sumsion and Speaker Lockhart asked her how she saw supporting a map drawn by the State Board, which allowed the State Board of Education to choose their own constituents, was different than having the Legislature draw maps that allowed them to choose their own constituents, something that Ms. Connor had complained about in the past. Ms. Connor said that she sees the State Board of Education as providing public input and that she still supported the "Dave Thomas 5" map.

MOTION: Sen. Reid made a motion to adopt the "Dave Thomas 5" State School Board plan as a Committee recommendation to the full legislature pending the readjustment of Tooele County. He also authorized staff to make minor technical changes to the plan.

Speaker Lockhart said that she would like more time to look over the additional presented plans before making a Committee decision on which plan to support.

Mr. Fellows said that the goal of the Committee is to have a Committee report to submit to the legislature in advance of the prospective session. He said that in previous redistricting years, this report has had one recommended map for each of the congress, senate, house, and school board districts.

Rep. Newbold said that there were features of several proposed school board maps that she would like to incorporate into one map.

Sen. Davis suggested the Committee adopt a base map, with amendments made to it, with a final map adopted at a later time.

SUBSTITUTE MOTION: Sen. Davis moved to use "Dave Thomas 5" as the base school board map with later changes made from recommendations by the Committee.

Chair Sumsion spoke against both motions because the Dave Thomas 5 split up counties too many times.

President Waddoups said he did not support the Dave Thomas 5 Map because it split up several school districts multiple times. He said he would be more comfortable using Mr. Robert Horning's school map as base map.

MOTION: Speaker Lockhart moved to recess for 30 minutes. The motion passed unanimously with Rep. King absent for the vote.

Chair Okerlund dismissed the committee members at 10:18 and reconvened the meeting at 10:48 a.m.

Mr. Joel Coleman, State Board of Education, said that the school board was not strongly behind the "Dave Thomas 5" map and even considered not putting forward any school board map.

The Committee voted on Sen. Davis's substitute motion to use the "Dave Thomas 5" state school board map as the base map. The substitute motion failed with Sen. Davis and Sen. McAdams voting in favor.

SUBSTITUTE MOTION: Rep. Ipson moved to adopt the Robert Horning school board map with the Committee authorizing staff to make minor technical changes. The substitute motion passed
