

2011 Redistricting Procedural Guidelines

1. Redistricting Committee meetings will be open to the public.
2. Members of the public may obtain any copies of written information provided at Redistricting Committee meetings.
3. All requests to use staff time and redistricting resources must first be cleared by a member of the committee and by one of the committee chairs. A committee chair will not unreasonably deny a legitimate request.
4. To ensure the security of information and to protect licensing agreements with software manufacturers, access to computer information and the computer system used in the redistricting process will be restricted to redistricting committee staff. With permission from a chair, individual legislators may be present and direct staff in drawing plans.
5. Political data will not be included in the redistricting computer system. Political data should not be shown to or discussed with redistricting committee staff nor at Redistricting Committee meetings.
6. Every change to a proposed plan by any committee member must also resolve the ripple effect on the entire plan caused by that change.

The above redistricting procedural guidelines were adopted by the Redistricting Committee at the 25 April 2011 meeting.

UTAH REDISTRICTING WHAT IS IT?

State and local governments redraw district boundaries based on results of the most recent census and reapportionment results

- Utah Congressional
- Utah House of Representatives
- Utah Senate
- State Board of Education

UTAH REDISTRICTING WHY DO IT?

Reasons to Redistrict

- Population shifts within the state – equal representation
- One person – one vote
- Change in the number of U.S. House Seats
- Utah State Legislature's constitutional responsibility

**UTAH REDISTRICTING
POPULATION SHIFTS**

Population shifts within the state

- Absolute numbers are less important than relative numbers
- Growth slower than average – Size of districts will grow
- Growth faster than average – Size of districts will shrink

POPULATION SHIFTS

- Utah's overall population growth rate was 23.8%
- County growth rates ranged from 1% to 55%

POPULATION INCREASE OVER OR UNDER THE STATE AVERAGE GROWTH RATE OF 23.8% (2000 TO 2010)

**UTAH STATE LEGISLATURE'S RESPONSIBILITY
CONSTITUTIONAL MANDATE**

**“...the Legislature shall divide the state
into congressional, legislative, and other
districts...”**

Utah Constitution – Article IX, Section 1
