**Subject:** Redistricting

Dear Representative/Senator:

As you look at voting on a congressional redistricting plan today, I would encourage you to consider the King-Garber option, as it is the least offensive among the three maps put forward for (apparently final) consideration. That is, it appears to only split Salt Lake County into two pieces instead of three or four. As a resident of Utah's most populous county, I deeply resent the effort on the part of this legislature to ensure that our voices are so diluted that it cannot be heard. We will make them heard -- in the voting booth and in the court room if this patent absurdity continues. I am appalled by a process that has been conducted behind closed doors, has continued to ignore the input of the public in spite of a charade of seeking that input, and which (above all else) seeks only to ensure the ongoing dominance of the GOP in this state.

Ellen

**Subject:** Ban Inhumane Gassing of Shelter Pets in Utah!

I just signed the following petition addressed to: Utah Government & Other Officials Responsible for these Inhumane Killings.

-----  
Ban Inhumane Gassing of Shelter Pets in Utah!

The West Valley City Animal Shelter in Utah is still using a barbaric and inhumane form to kill animals. This method of killing has been banned for the worst serial killers and serial rapists in the United States, yet some politicians and other officials prefer to use it to kill innocent homeless pets, including cats and dogs.

The picture above is of a kitty named Andrea, who everyone is hoping will be the spokes kitty to finally get the gas chamber banned in the state of Utah, particularly at the West Valley Animal Shelter, where the shelter manager has claimed on this news report is a "humane" form of euthanizing animals! Please read this article and watch the video on this link. And tell the government and other officials what you think of this form of animal cruelty. <http://www.fox13now.com/news/local/kstu-cat-survives-euthanasia-exclusive-cat-survives-euthanasia-and-being-placed-in-a-freezer-20111014,0,6588360.story>

The AVMA is reconsidering their position on gassing and hopefully will announce it is inhumane by the end of the year. The Association of Shelter Veterinarians has stated, "...the use of carbon monoxide for individual or mass companion animal euthanasia in shelters is unacceptable due to significant humane, operational and safety concerns." Please read their document available online at: <http://www.sheltervet.org/associations/4853/files/CO%20Position%20Statement.pdf>

HSUS states, "Carbon monoxide (CO) gas is, without question, an unacceptable method of euthanasia in states where shelters can legally obtain and administer sodium pentobarbital." Source: [http://www.animalsheltering.org/resource\\_library/policies\\_and\\_guidelines/statement\\_on\\_euthanasia.html](http://www.animalsheltering.org/resource_library/policies_and_guidelines/statement_on_euthanasia.html)

Please put an end to this inhumane treatment of shelter animals, including cats and dogs.

-----  
Sincerely,

Jaimi Haig

Yes I can. My first preference would be for a map with a congressional district completely within SL County, but that doesn't seem to be in the cards. The Garber-King map would be my next choice, followed by some of the maps drawn by Sen. McAdams. Thanks for writing.

Rep. Joel Briscoe

Dear Mr. Briscoe,

Please support the Congressional map sponsored by Representative Brian King that is a modification of the Garber Citizen Map ( <http://www.redistrictutah.com/maps/congress-rep-king-garber-modified-king> ). It splits Salt Lake County into only two, and Utah County into only two. So far this map comes closest to representing the makeup of Utah's citizens and communities.

Sincerely,  
Dr. Emina Alibegovic

Please put an end to this inhumane treatment of shelter animals, including cats and dogs.

-----  
Sincerely,

Even more sad is that this is a brand new state of the art shelter and they designed this gas chamber into it. We protested long and hard when the shelter was coming on line but it fell on deaf ears with the county and city officials. The director of that shelter is at best a cretin. They stood up in front of the public and promised there would only be one animal in the gas chamber at a time blah blah. Someone should go back through the public records and see how many statements were total lies. Maybe it will change now!

**Subject:** Congressional Maps

Dear Congressmen & Congresswomen,  
Thank you so much for your willingness to serve this great state.

The matter before you dealing with the congressional mapping is one of great import that we will all have to live with for the next decade. Please allow any personal agenda or ego to remain on the sidelines for this decision.

As a resident of Southern Utah I am very concerned about the lack of attention rural Utah is getting in this process. The map submitted by the committee and approved by the Senate was about as fair as I have seen for So. Utah (SB 3002). Please do not allow politics to get in the way of seeing what is right for all members of all 4 districts. I understand that Speaker Lockhart has openly supported Sumison 15&16. \*To rural Utah these maps are unacceptable! \*We are sick and tired of having SLC decide who represents us, as evidenced by the overwhelming support for Morgan Philpot in the last election. Please do not support the Sumison maps as they are drawn!

Do what is right for Utah.

Thanks,

Brent Palmer

**Subject:** Re: Redistricting

Deborah,

The Republicans have 58 votes. They need 38 votes to pass a map. So far they have struggled to get a map that 38 Rs will support. We haven't found any Rs to date who will support a congressional district located solely within SL County. A few have expressed support for the Garber-King map. We'll see how many.

Dear Legislators,

You are meeting this Monday, October 17, 2011 to finalize the redistricting map. The Utah Senate has passed the most equitable bill (redistricting plan).

Speaker Becky Lockhart is pushing two new plans to introduce tomorrow. You made a decision, now is not the time to make any changes or wavier on that decision. It is a good redistricting plan.

(\*Early last year the Utah State Legislature made "last minute changes" to adopt a bill regarding illegal immigration and found themselves in hot water, with a bill that the citizens of Utah were greatly dissatisfied with.)

I respectfully request that you move forward, no further considerations and adopt the plan as accepted by the Utah Senate, today, Monday, October 17, 2011.

Sincerely,

**To:** <jbriscoe@utah.gov>  
**Date:** 10/17/2011 1:25 PM  
**Subject:** Gas Chambers are Animal Cruelty-sometimes buried or frozen alive

Euthanizing companion animals by gas chamber is senseless and cruel. These animals suffer horrendous terror losing bowel and bladder control, and often drown in their own vomit. Contrary to popular belief, is not humane. Further these tanks can leak that can damage employee health (leading to litigation) and is highly explosive. Many cats and dogs went in a coma and were buried alive, or put in the freezer, still alive, by mistake. That's a horrible way to die.

One such example was Andrea the cat, who went through TWO gas chamber sessions, then was put in a freezer for 45 minutes - and by accident was found still alive. No animal deserves to be buried or frozen to death alive.

<http://www.fox13now.com/news/local/kstu-cat-survives-euthanasia-exclusive-cat-survives-euthanasia-and-being-placed-in-a-freezer-20111014,0,6588360.story>

Elderly and pregnant animals often require several gas chamber sessions due to reduced lung capacity- and many animals are thrown into a single chamber.

[http://news.nationalgeographic.com/news/2005/04/0411\\_050411\\_peteuthanasia\\_2.html](http://news.nationalgeographic.com/news/2005/04/0411_050411_peteuthanasia_2.html)

"The animal is in a warm or hot box, usually with other animals. They don't know what's going on. The hiss of the gas is going on inside. They get dizzy, and they panic," he said. Fights can break out, and animals' calls can be heard.

Today most private and city animal shelters euthanize animals with sodium pentobarbital, a controlled substance that is injected into one of a dog or cat's veins. Animals die in seconds, experts say, and without pain or suffering.

Private-practice animal hospitals also use sodium pentobarbital to euthanize sick and old family pets.

The American Humane Association (AHA), an animal- and child-welfare nonprofit, says that lethal injection is the only acceptable method for putting down dogs and cats.

Currently 13 states, including California, Florida, and New York, require animal shelters to perform death by injection, according to the AHA."

Death by heart stick (intracardiac injection) should also be banned-the needle doesn't always hit is target and the animal screams in agony and does not die right away, even if it does enter the heart. It's a horrible way to die. A poison-filled syringe is jabbed through an animal's chest wall. This method also causes excruciating pain."

A \$15 or \$20 surcharge for animal cruelty/animal ordinance violation to fund spay/neuter programs would cost the State nothing and help tax payers save money and reduce animal cruelty (homeless animals have nobody to look after them). Also consider a spay/neuter State license tag to help such organizations.

Thank you.

Sincerely,

---

Dear Representative Briscoe,

As a citizen of Utah, I urge you to VOTE NO on the current map being discussed in the House.

I have studied the maps and I would suggest to you that the best map, based on contiguousness and compactness, is the Garber Citizen Map (modified, sponsored by Representative Brian King).

<http://www.redistrictutah.com/maps/congress-rep-king-garber-modified-king>

Please vote for this compromise map. I know you have worked very diligently for the people of Utah, and I thank you for it.

Sincerely,  
Kelli Lundgren

Please consider the "Fair 4 Utah Counties and Cities" plan (ID 68408).

My "Fair 4 Utah" plan was submitted to the Redistricting committee by Rep. Fred Cox at the Oct 7th meeting. This modified plan addresses many of the concerns.

This plan has key elements put together like no other plan. It is compromise plan fair 4 Utah.

The plan has been submitted but does not show on the redistrictUtah.com site. In place of a online link, images are attached.

In the Fair 4 Utah Counties and Cities plan:

- All of the counties are whole except Salt Lake.
- The Eastern, Southern, and Western Counties are grouped the same as the Rep. Sumsion map that passed the Senate. (If there is a better grouping, I can still make it work with Counties and Salt Lake county Cities together.)
- Salt Lake county is mostly split into two districts 84% with a small portion in the other two districts.
- All of the cities in Salt Lake county are whole except West Valley City and three others (South Salt Lake, Salt Lake City, and Herriman) with minor splits. As an example Salt Lake City is all in one district except about 100 people.
- In Salt Lake County the cities are grouped based on their similar shared communities.
- District 2, 3, and 4 are at the target mean of 690,971. District 1 is one over at 690,972.
- 

In Salt Lake County		
District 1	93,813	9%
District 2	539,727	52%
District 3	67,995	7%
District 4	328,120	32%
Total	1,029,655	100%

Good congressional districts are so important.

Thank you for your efforts and time!

Leonard

Thank you for submitting a proposed redistricting plan through Utah's online redistricting tool. Please note that all plans submitted will be made available for review by the Redistricting Committee and the general public on both the online tool and [redistrictutah.com](http://redistrictutah.com). Shortly after plans are submitted, they are posted on [redistrictutah.com](http://redistrictutah.com) for public comment.

As time allows, the public can further discuss submitted plans during the public comment portion of future Redistricting Committee meetings. A full list of public meetings can be found at [redistrictutah.com](http://redistrictutah.com).

If you have any questions regarding submitted plans or technical issues with the online tool, email us at [redistrictutah@utah.gov](mailto:redistrictutah@utah.gov).

#### Plan Information

Plan name: Fair 4 Utah Counties and Cities

Description: In the Fair 4 Utah plan all of the counties are whole except Salt Lake.

- Salt Lake county is mostly split into two districts with a small portion in the other two districts.
- All of the cities in Salt Lake county are whole except West Valley City and three others (South Salt Lake, Salt Lake City, and Herriman) with minor splits. As an example Salt Lake City is all in one district except about 100 people.
- In Salt Lake County the cities are grouped based on location.
- District 2, 3, and 4 are at the target mean of 690,971. District 1 is one over at 690,972.
- The Eastern, Southern, and Western Counties are grouped the same as the Rep. Sumsion map that passed the Senate.

---

Please map the new districts with a mix of the people of the state of Utah for these reasons.

- 1 It benefits all Utahns to have four Congressmen with a stake in Salt Lake County instead of just one.
- 2 It benefits all Utahns to have four Congressmen who are advocates for rural Utah, particularly our public lands and natural resources instead of just one.
- 3 It benefits all Utahns to have four equally competitive Congressional Districts where a good candidate from either party has a chance to win.
- 4 We will maximize the quality of our candidates from both parties if we make all four districts as equal and as competitive as possible.
- 5 It is both equitable and wise to establish four, equal 60-40 districts rather than any one district made too heavily Republican or Democrat.
- 6) We are not interested in electing Congressmen who bring home the bacon for a specific community of interest, Republican or Democrat. We want Congressmen who will fight for a national balanced budget and preservation of American liberty, not pork.
- 7) The Democrats are going to file suit regardless of which map the Legislature adopts. It is irresponsible for a heavily Republican legislature to cede Democrats advantages that are literally harmful to our country and state and then take a PR whipping anyway.

Joel,

I am writing to urge you to vote for the Garber Citizen Map. I feel that this is the most fair map that has been proposed so far. I hope that the Legislature will listen to the voice of the people this time.

Thank you for your efforts!

Alison

**Subject:** redistricting

I urge you to vote against the Senate pizza plan, as well as the plan secretly drawn by Lockhart and associates. I think it is wrong to legitimize unethical practices as well as wasteful practices. Taxpayers paid a million dollars for a redistricting committee which was apparently used as a smoke screen to Republican gerrymandering plans. The arrogance of that party is astounding.

The maps are difficult to read on the computer but the looks of Gerber Citizen Map and the comments about it appear to me to be the best choice.

Gail Gerlach
