Sarah,

Have you attended the redistricting committee meetings or actually proposed a map yourself? The citizens were allowed to propose maps this year and their suggestions were taken seriously. I wonder how involved you have gotten in the process? I hope you were involved from the beginning, so that your wishes were known.

Thanks so much for writing, it means a lot to me.

Representative Wimmer,

I am a Republican who thinks the redistricting plans are ridiculous! I feel it is very self-serving to the Republican party and NOT the state as a whole.

This will only hurt the state. It doesn't make any sense. Why are communities being divided? If this plan goes forward, I will not be voting Republican in the future. I know many of my friends and family feel the same way. Something needs to be done. Where is the logic, integrity, and unselfishness of our leaders?

Good Grief!

Hello Keri,

Great to hear from you. I am aware of the situation as well, and I agree with you. We have this semi-truce between the Senate and the House that we will not mess with their maps, as long as they do not hold ours hostage. It kind of comes with the fact that we have a Senate and a House in our legislature. I will absolutely go speak to the Senators about this issue and see what information I can gather.

Hello Representatives --

I respectfully ask that you VOTE AGAINST THE PROPOSED STATE SENATE MAP until the the handful of orphaned west Provo precincts are united with the Provo/Orem senate districts. For the last 10 years west Provo has been excluded from our community, and current maps have us slated to be excluded again for the next decade. The current Utah County senate plan also endangers the caucus/convention system. Please see my latest email to the Redistricting Committee, below, for a full explanation.

I and other delegates in west Provo have been calling and emailing the redistricting committee, and I have gone to the capitol to speak before the committee, pleading to be united with our community so that we can be fully represented in the state senate. Please help us be reunited with our community! Please become advocates for west Provo.

Thank you,

Keri Witte

Hello Redistricting Committee --

I would like to make one more plea to please unite west Provo (approx 6 orphaned precincts) with the rest of the Provo/Orem area on the state senate district map.

A senate district is comprised of 95,000 people. Provo has a population of 112,000. Yet Provo is split into \*3\* senate districts, with west Provo being excluded from our community of interest. There is ample opportunity to keep Provo within \*2\* senate districts, thus making sure that west Provo is no longer orphaned from the rest of our community.

For the last 10 years west Provo has been part of senate district 13, which was a meandering district that ranged from Tooele County to southern Utah county. With redistricting upon us, we now have the opportunity to join west Provo with the rest of the Provo/Orem senate districts so that we can spend the next decade joined with our community, yet the current senate maps once again leave west Provo orphaned from the rest of our city -- we have been carved out of the Provo/Orem area and placed with rural southern county communities, such as Lake Shore, Benjamin, and Elk Ridge. One of the biggest considerations in drawing districts is keeping communities of interest together -- the Provo community should be kept together as much as possible.

West Provo will lose its voice in the senate if we are combined with a large rural area that has interests very different from our own community.

The eastern Provo senate district, which used to be fully within Utah County borders, is now drawn as spanning outside of Utah County to pick up population in the east. This is the wrong direction. This and the other Provo/Orem senate district should instead be shifted to the west to pick up population and keep communities together, which would allow west Provo to be reunited with the rest of our city, and/or within the Provo/Orem sister city area.

Thank you very much for your time and consideration. I hope you will become an advocate for west Provo in the fight to be included and represented within our own community - we need your help.

Sincerely,

Keri Witte

PS -- FYI, keep in mind that County Delegates are responsible for voting on state senators whose districts reside fully within a single county, while State Delegates vote if the district is split between more than one county --- since County Delegates are more numerous than State Delegates, we have a greater rate of representation per capita if we can keep state senate seats fully within Utah County, and therefore it is also to our benefit (and the caucus/convention system's benefit, since it increases the rate of representation) to keep our senate districts within our county as much as possible. One of the main complaints against the caucus/convention system is that so few people are involved in choosing candidates. Changing from County Delegates to State Delegates decreases the number of people involved in the process, thus endangering the caucus/convention system.

Thanks so much for your assistance, Carl. I spoke with Keith Grover (my rep) this afternoon and he also explained about the 'truce' between the House and Senate with regard to maps. If you can find a listening ear in the senate with regard to keeping west Provo incorporated in our community and keeping Utah County senate districts within our county if possible, it would be most appreciated.

Thanks again,

Carl,

I just wanted to drop my note of congratulations on your bid for the new congressional seat to be created in Utah. Good luck on your ventures. Also, I am considering a bid for the district 52 house of representative seat that will be vacated on your election to the US House of Representatives. If your schedule allows, I would like an opportunity to meet with you in the next few days to discuss your agenda and ideas for the district.

Thank you for your service, and good luck on the campaign

Rep. Wimmer,

I am writing to you as a respected member of the majority party – someone who might actually be able to sway some votes. I have a very big concern about the State Legislative map, specifically House District 22.

According to the map that was approved by the committee – House District 22 would be map up of the cities of Magna and Copperton – two communities that are 15 miles apart – connected by a swath of land owned by Kennecott. While I certainly would not call this “gerrymandering” it is – at best odd beyond belief.

I would ask, for the sake of Magna and Copperton residents – that you help advocate for us to get into a district that is more representative of our interests and in a more contiguous district.

Thanks for your consideration.

**Subject:** Reapportionment

---

Government of the people, by the people and for the people! What has happened to the members of the Utah State Legislature? The current lines drawn for reapportionment are strictly party driven. Stand up and move forward with fair boundaries. **Stop gerrymandering!**

Remember who elects you--WE THE PEOPLE!

Thank you for taking the time to get in touch with me, I have a tremendous amount of respect for anyone who is willing to get engaged in the process of good government. Due to the overwhelming volume of emails that I receive I can promise you that I will personally read your message but it may take a little while for me to write a response back to you. If you are not one of my constituents I will read your message personally and I thank you for taking the time to communicate with me, but I will not be able to respond personally.

Speakers at the Press Conference yesterday in the Capitol protesting redistricting:

Joshua Kanter: Founder of An Alliance for a Better Utah.

Registered Democrat, Donated \$20,000+ in 2008 & 2010 election cycle. Obama, Clinton, DSCC, DNC, John Kerry, DCCC

John Hansen: Registered Democrat, SLC

Mayor Peter Corroon: (D) Salt Lake County Mayor. Called redistricting process un-American. Ran for Governor in 2010, major recipient of donations from Bruce Bastian, Howard Dean, AFL-CIO, Labor Unions, supporter of non-partisan "Fair Boundaries" initiative whose maps were drawn by Democrat operative, adviser and former UT Dem Party Exec-Director Todd Taylor.

David Irvine: Donor to Democratic Presidential candidate Wesley Clark, President Barack Obama, DNC. Attorney who has sued Utah and has received millions of dollars from Utah taxpayers in law suits.

Sen. Ross Romero: Senate Minority Leader, Candidate for SLCO Mayor, Democrat

Glenn Wright: "non-partisan Fair Boundaries" Director. Former Summit County Democrat Party Chair, caught using partisan map drawn by UT Democrat Adviser and former Executive Director

Speaker Up & Peace Up Activists; Tim DeChristopher's friends, sat on UTA TRAX to protest coal power.

MaryAnne Martindale: Exec Director of Alliance for a Better Utah, Democrat AG campaign manager, democrat operative, registered democrat. Won't release her salary or fundraising information for Alliance for a Better Utah.

No "legitimate" republicans, tea partiers, independents or non-partisan people spoke at the "non-partisan" rally.

As an observer, I find it offensive that groups would be so blatant in their partisan bias while trying to maintain the "non-partisan" citizens title.

### A really bad pizza recipe

In the effort to redraw Utah's congressional districts, two of the three Utah County-based lawmakers on the commission charged with making a proposal say they like what's been dubbed the "pizza slice" plan.

That's the plan with the points of the new congressional districts in Salt Lake County.

Never mind that this plan would water down Utah County's clout in Washington, without any compensating benefits. And never mind that these lawmakers are supposed to represent their local constituents.

The alternative to pizza is doughnuts. This approach would create poorly named "doughnut holes," or zones encompassing one or more of the main urban areas: Salt Lake County for sure, Utah County being the next obvious choice, and Davis County and its environs a third possibility. In some of these plans, the new Utah fourth district would cover a lot of the state's rural areas.

Note that a district comprising Utah County and a few other small chunks would focus a U.S. representative's attention squarely on this valley. You'd think that area lawmakers would naturally

I think that it is wrong to divide communities and neighborhoods like the present plan presents. For example dividing Murray into three districts is wrong. That example could be multiplied many times over. My wife is a school teacher of 20 years. She now believes we need to do away with tenure for teachers. Most teachers are very good, but we need to put the needs of the students first before teachers. The same is true about politicians. The needs of incumbents and political party should not come before the needs of the citizens. Thank-you

### Senate plan carves up county again

by Tim Gillie

**Sloan: “To slap the people of Tooele County with a map like this shows that the public has no place in the process.”**

A proposed base plan for new boundaries for state Senate seats is drawing sharp criticism from Tooele County leaders and citizens who hoped redistricting would finally give them a resident senator.

Since the last round of redistricting a decade ago, Tooele County has been split into four senate districts. A decade of growth has now made the county Utah’s seventh largest in terms of population, but the newly proposed boundaries would again divide Tooele County, making it the only one of the

The final Congressional Redistricting proposal now before you is nothing short of cynical. It virtually disenfranchises the remaining few voters who dare to disagree with the majority and now, finally removes any incentive to even go to the polls. The majority owns 80% of our congressional delegation, 76% of the State Senate and 77% of the House. Now you are about to vote to squash what few remain out of your control, just because you can. Greed is destroying the American economy. And greed is about to destroy Utah democracy. Don't be surprised when nobody shows up to vote. What's the use?
