Hello Mr. Wiley,

I am a constituent living in District XXXI, and I support the Garber Citizen Map- since it is most Salt Lake friendly map to be voted on. I hope you will take this into consideration when voting on the new redistricting.

Thank you for your time,
-A. Allen

I urge you to vote against the Senate pizza plan, as well as the plan secretly drawn by Lockhart and associates. I think it is wrong to legitimize unethical practices as well as wasteful practices. Taxpayers paid a million dollars for a redistricting committee which was apparently used as a smoke screen to Republican gerrymandering plans. The arrogance of that party is astounding.

The maps are difficult to read on the computer but the looks of Gerber Citizen Map and the comments about it appear to me to be the best choice.

Dear Rep. Wiley,

As a constituent of your area, I support the Garber Citizen Map that has recently be circulated. I appreciate all you do for our district and hope you will support this redistricting attempt, as well. It is the closest thing to fair that I have seen recently.

Thank you,

Dear Representative Wiley-

Thank you very much for your prompt reply.

It's too bad that the Cox-McAdams proposal has failed, since it is the most elegant and straightforward of the solutions.

I don't have their e-mail addresses handy, but please thank them for their good work.

I'll continue to follow the process with interest.

Sincerely-

Rich Hendron

Rich - -

Thanks for your comments. I don't know if you have been following the debate on the house floor today but Rep Cox presented the Cox/McAdams map and it fell short of passing. Again, a party line split in voting. We are currently back to the Senate Base Map - SB 3002. As soon as we reconvene we will be debating SB 3002 again.

Thanks for your message.

Dear Senators Davis and Waddoups, and Representatives Lockhart and Wiley

Our redistricting process has been very interesting, and I have carefully reviewed and studied the redistricting principles set forth by the Legislature.

The work by Representative Cox and Senator McAdams follows those principles more closely than any of the other maps, and I request that you adopt one of their versions of the redistricting maps.

Sincerely-

Richard Hendron

It is with great displeasure that I have witnessed this year the destruction of Constitutional principles by the very people I elected to represent me. I was disgusted with how SB3002S19 and SB3002S20 were virtually shoved down our throats when we the voters said with one accord no to this map. I know several people who sent e-mails asking you to not vote for this map. Now we see that the party bosses in Salt Lake City told you what to do.

I have never felt as powerless as a voter as I have at this time. It as if my voice did not even matter to you. I have been betrayed by the people I voted for. This is just what they did in the old Soviet Union.

Sincerely;

Apologies accepted. I share your feelings and frustrations and appreciate your willingness to share your thoughts. We did our best as a caucus to ensure a fair and open process but there just wasn't enough of us to make a difference.
Again, thanks for your interest and getting involved.
