

Superseded 3/10/2016

53-2a-902 Energy emergency plan.

- (1) The division shall develop an energy emergency plan consistent with Title 53, Chapter 2a, Part 10, Energy Emergency Powers of the Governor Act.
- (2) In developing the energy emergency plan, the division shall coordinate with:
 - (a) the Division of Public Utilities;
 - (b) the Division of Oil, Gas, and Mining;
 - (c) the Division of Air Quality; and
 - (d) the Department of Agriculture and Food with regard to weights and measures.
- (3) The energy emergency plan shall:
 - (a) designate the division as the entity that will coordinate the implementation of the energy emergency plan;
 - (b) provide for annual review of the energy emergency plan;
 - (c) provide for cooperation with public utilities and other relevant private sector persons;
 - (d) provide a procedure for maintaining a current list of contact persons required under the energy emergency plan; and
 - (e) provide that the energy emergency plan may only be implemented if the governor declares:
 - (i) a state of emergency as provided in Title 53, Chapter 2a, Part 2, Disaster Response and Recovery Act; or
 - (ii) a state of emergency related to energy as provided in Title 53, Chapter 2a, Part 10, Energy Emergency Powers of the Governor Act.
- (4) If an event requires the implementation of the energy emergency plan, the division shall report on that event and the implementation of the energy emergency plan to:
 - (a) the governor; and
 - (b) the Public Utilities and Technology Interim Committee.
- (5) If the energy emergency plan includes a procedure for obtaining information, the energy emergency plan shall incorporate reporting procedures that conform to existing requirements of federal, state, and local regulatory authorities wherever possible.
